Re: Sanitary Landfill Company (IWD) Site in Moraine, Ohio

Dear Ms. Gountanis:

This office represents Sinclair Community College and has been retained to represent it with regard to matters related to the U.S. Environmental Protection Agency investigation of the Sanitary Landfill Company's (IWD) site.

Although this particular landfill has been on the CERCLA list for some time, and the U.S. EPA has been in contact with other identified potentially responsible parties during that time, for some reason Sinclair Community College was not added to the potentially responsible party list until recently.

Sinclair Community College has no record of having disposed of any hazardous waste at the Sanitary Landfill Company's (IWD) site. My client does not understand why it has been identified as a potentially responsible party.

Therefore, on behalf of Sinclair Community College, pursuant to the Freedom of Information Act, 5 U.S.C. §552, I hereby request that you provide the full particulars, together with supporting documentation, concerning the reason for listing Sinclair Community College as a potentially responsible party at the Sanitary Landfill Company's (IWD) site.
